President Carr

Dear Sir;

As there is a difference of opinion in our Alliance concerning the eligibility of two of our members I was ordered at our last meeting to write and get your opinion in reference to the two brothers.

The first is a young man who was engaged in teaching school when he was initiated, but has since accepted the position of Secretary and Treasurer of the Charlotte Chronicle,

a political news paper,

He is one of our most talented and useful members his whole ~~whole~~ heart seems to be in the farmers cause and if we ^{have to} part from with him will do so very reluctantly. He is just as true an Alliance man at heart as he ever was.

The second is a farmer and one of our oldest members. He lives on and manages a farm, but is also a clerk in a country store, stays in store one day out of every week and sleeps there every night, waits on night customers.

These are the exact

cases and they are pending in our Alliance. Please let me hear from you immediately.

Very respectfully,

B. M. Price,

Lodo,

Mecklenburg Co.,
