Mr. Elias Law

Pres & Co Dear Sir & Bro

As County Business agent I had an application from a col^d association styling themselves in some way or other as in sympathy with our order, and requesting me to make an order for groceries for them thro' our S. B. at Raleigh the President of our County Alliance was present at my office at the time and I refer^d the matter to him, and he advised that I refer the matter to you which I promised the applicant I would do & inform him of your decision on the matter. Your early attention appreciated

Fraternally
