

Kinston N C Oct 29th / 1890

Dear Carr

Yrs of 27 inst came last night,
Contents carefully noted. In reply would say that
surely I meant good of harm as you predict may
come, You know how unblamably I have acted in
this matter up to the time I came out as a candidate
and if to be blamed for this last it was for the
zeal I had for Alliance principles and a spirit of
unselfishness - though to the public I may appear selfish
in letting my name go forward, At the convention at
Kinston I unloaded my mind of whatever political honors
I desired, and was fully in line for W J Rogers of ~~the~~
When he retired from the contest and he did
I did not allow my name to go before the Com
at Wilson but positively forbade that it should. The
Committee met and passed a resolution saying
on account of the shortness of the time it is
make no nomination. Of course the
left open, I did ^{not} yet desire to run
again the position I occupy, but

This part of the country were denouncing the committee
and deploring the condition of things as they then stood.
Individuals were continually coming to me blaming
somebody because they had not a candidate
to vote for. On 18th of Oct I was approached by friends
to allow my name to be used, I took the matter
into consideration, consulted other friends for several
days and at last consulted, provided it met with
the approbation of some of the most prominent leaders
who were opposed to me before, I did so, they were
anxious that I should do so and promised their
heartly support, then is when I took the step which
seems to be so fatal. The opposition to me in Senoi
has been withdrawn, with a slight exception and
the outlook is bright for 600 majority, Brown &
have fallen into line and C. Daniels since my
announcement by the committee, has said that Wilson
would give me a 1000 May. I did not know that Bro
was out, in the manner as you write, had I
known it, you would not ^{have} heard from me but would
have done as you propose to do, voted for him.
I cannot get your support, I am wofully
dependent on the vote of one whom I have learned

To love so dearly, but in this I blame you not, perhaps
it is my fault, let us still be friends, I may not
get the support in the counties you named as you
expected, I may go down because of the prejudices caused
by two men in my county, because they were for Mr
Simmons and would not one of character in order
to obtain his nomination, this has been published throug-
out the district, I cannot be harmed more if defeated, The
Alliance has been connected all along with the whole
matter and whatever harm will come on it ~~will~~ is
already on it, Now this I have to say that I
came into the field as my card to the voters of
2nd Cong. District says, I did it not for harm
but for good, because no one was out and as I
understood no one was to be put out, Of course
I expected the committee would endorse me, who
did, I did not come out as an Independent no
I have done so, and had not the Com endorse
me I would have abandoned the field, I so
stated to Mr G T Ormand Chairman Com, the
dear brother and beloved president Now shall
out, turn loose and abandon the field
I thank you for your pleasure

you think my cause is an ignoble one you are
not to be blamed, not to espouse it, Let us
be friends, I think it is the grandest on the
face of the Earth save that of the religion
of Jesus Christ, I think it such an one that had
I the daring of a Wallace coupled with the judgment
and eloquence of Gladstone I would rejoice, but
where I would rejoice the more would be, to know that
the Farmers Alliance at least, had vindicated me
by their votes, from the malevolent and ^{galling} galling slanders
heaped upon me by men for no other motives than
that of nominating their man, We may yearn
for vindication and die without, However let this
be it will, Allow me the sweet pleasure of sub-
scribing myself
