

Hon. Elias Carr

COMMISSIONER OF THE WORLD'S COLUMBIAN EXPOSITION.

Dear Sir:

The undersigned Commissioners, representing the State of Michigan in the World's Columbian Exposition, will present to the meeting of the Commissioners, to be held at Chicago on the 26th inst. for the purpose of organizing the Commission, the name of Hon. Thomas W. Palmer, of Michigan, a Commissioner at Large, for Permanent President of the Commission.

Mr. Palmer is too well known to the members of the Commission to need extended introduction, having served his State in the United States Senate, and the United States as Minister to Spain. He is a gentleman of literary attainments, of large business experience, familiar with past Expositions held in this and other countries. His manner is affable and courteous. He has fine executive ability. A man of integrity and liberal principles, impartial as well as just, we confidently believe he is possessed of every qualification necessary to enable him intelligently to discharge the duties which will devolve upon the President of the Commission.

We respectfully ask your support in his behalf.

Michigan, June 6th, 1890.
