Dr Sir & Brother

I returned a duplicate of the letter you
sent back for me to have the seal attached
and informed you the alliance refused
to put seal ~~the~~ on it and there was a
motion to appoint a committee ~~appointed~~
to state the facts in the case which I was
led on then a committee appointed was
all on the opposite side but did state the
facts in part and a great deal more
then was necessary and I have awaited
your answer or ruling and have not heard
from you and if you have sent it to the
community or the alliance they have kept
it concealed from me and I do think
Brother that I am entitled to know your
ruling in the case and hope that I
will by our next meeting which I trust

Yours with respect
