Mr Elias Carr

Dear Sir & Bro,

I have seen
your name mentioned in connection with
the probable aspirants for the nomination to
represent the 2nd District in the next Congress.
& as an Alliance man allow me to ask if
you desire the nomination. Our organization has
its purposes, & to these purposes my whole wishes
incline, I am a democrat, entire, & am an Alliance
man more so, & think our aims & purposes should
control the party, & not the party us.

Would be glad to hear from you, & know
the membership in our Co. will follow your
leadership. There is no objection to Mr Simmons,
but we would prefer an Alliance man above all
others.

Frationally Yours

J. C. Freeman
