Dear Sir & Bro.

One of our members  
had the misfortune  
of having a very val-  
uable horse stolen from  
his stable a few nights  
ago, and he pursued him  
till he got in five  
miles of Danville Va  
and my love ordered  
<sup>me</sup> to write you asking if  
there were any way to  
make search for ~~that~~ said  
horse through the secrets  
of our Order. We are willing  
to pay all expence if you  
think such thing could  
be done. if you think it  
worth trying please tell  
how to proceed. We think  
the horse is in V.A. Let  
us hear from you at  
once about the matter
