My dear little Children - Mamma and Annie

Your Uncle Bronson was very much pleased that you thought of him - and sent to Ben these nice presents - When he meets you again up in Warrenton, he will give you both one of his best kisses - with his mouth all swollen by the best comedy he can find - He has missed you very much since you left - and wishes that you and your Mamma & Father were here, so that he could have more talk with you - One of these days he hopes to come down & see you at Brown - bridge - I must thank you for the good ones you took of your Cousins Allen & Ben - Ben is now studying my by my side - You must give my love to your Father, Mamma and Brother John - and think me
your loving Uncle.
