Dear Sir:-

After carefully considering the political situation in our State, I deem it wise to write you and ask you the following question: If the Legislature instruct you to advocate ~~you~~ and vote for the Sub-Treasury Plan of financial reform, will you carry out said instruction in good faith? I hope that you will understand that I do not reflect in the slightest degree on your devotion to the people of North Carolina but there are precedents where United States Senators have carried out instructions and also precedents where they have disregarded instructions. I trust you will give me an answer at your earliest convenience - Very Respectfully
