The [Name] [Name]

and the large families  
of children mentioned  
in your letter all  
go to show that you  
belong with us to a  
common ancestry -

Robt. was a very  
common name with  
the earlier Carrs - and

There is a Mr Elias Fleam  
at Trenton N.J. 58  
Model ave - I mention  
this to show that you  
are not the only Elias.

Our lines may not come  
together in this country,  
but they certainly would  
if traced back to the  
old country -

The Carrs are all  
akin however distant,

Walter Carr

And the large family  
of children mentioned  
in your letter and  
of the school that are  
belonging with me to a  
domestic industry.

long name name at  
the banking house and  
as far as I get -

There is a Mr. [Name]

Yours truly
