Mr Elias Carr

Dear Sir Bro; What do you think of the suggestion, of a convention of County Presidents, to be held in Raleigh, or elsewhere, in June, to formulate a plan of securing unity of action, among all men on all questions relating to their in the coming political Campaign in our State? How should such convention be called? Is there any fund available for expenses? If not; each delegate could pay his own expense, or the County Alliances could do. The State President to preside. He can't retire now without disaster our safety is in aggressive rep.

I am about starting to the Post office, and can't write more now. Hope you catch the idea. Shall write Polk and Syd Alexander on the subject - The move should be ^{secret} very ^{secret} if possible. I say June be ^{fraternally}
