Dear Sir. we have a member in Our Farmers Alliance at Pleasant Plain No 393. That we cannot control when a proposition is made or any instruction received that requires unity of action he will agree and seem very anxious. then before the next meeting he will denounce every thing against it and Confuse the Alliance. He is so much like and we fail to get hold of him to Expel him. what shall we do with him

C. C. Gore,

Secretary Alliance (393)
