Dear Sir & Bros

Ought a brother to be held
as a member of an Alliance, who has been
as business agt. & handles other Guanos for
the Alliance Guanos? Our business agt
to store other fertilizers besides the Alliance
say that he has nothing to do with it except store it
and does not expect to use a pound of it
himself. Some of our members contend that he
is aiding & abetting their enemy by so doing. &
I have been requested as Secy to write
to you and request your ruling as to the
same. Please let me hear from you soon

Yrs fraternally
Joseph E Jordan Secy

I should have stated that ~~such~~ ^{either} party is
entirely willing to be governed by your decision
