Elias Carr Esq

Dear Sir & Bro

It is reported around here
that all of the ^{cotton} raised in cotton
bagging, is taken & scraped
in July, by Merchants that
buy it from the farms at a
price of 50 or 60 cents, is it
true; & if it is true why
had not the farms as well as
it; we cannot trust the July
trust if the Merchant reports
one cotton in July bagging, &
we lose one every hole we come
with cotton bagging. unless we can
get the fair price. I am a
strong Union man, & willing to
sacrifice a great deal to keep

the order in any fight. But-
this report has sort of misled
some of the members, of my
alliance. Therefore I write to you
to get your views & advice in
this matter, so that I will know
how to act in our next meeting
which will be next Thursday.

Please let me hear from you
at once & tell me all you know
on this subject-

Yours faithfully

E. Pittman
