Dr Elias Carr.

Oldsparta N. C.

My Dear Doctor,

Enclosed you have my answer frankly & unequivocally in regard to instructions. Now what about your people? Your organ, the "Progressive Farmer" is openly attempting to make members of the legislature go squarely back, not only upon their instructions, but upon their personal pledges also. I cannot believe for a moment that that is the policy of the Farmer Alliance. If it is I hope you will frankly notify me. It is due me that

Private United States Senate,
Elise Carr #2

WASHINGTON, D. C.,

, 189 .

I should be informed.

I would have answered you
some days ago but was informed
you were at Ocala. Your
Emancipation there did some good
& some harm — of which we
will talk more after a while.

Very truly yours

J. B. Vance
