My dear Sir;

I have had a lot thrown back in my hands by a party here whose habits have lost him credit. It is an exceptionally pretty lot and will sell for 25 per cent above its cost before June. I will of course put it to you at the best price without commission. I want you interested here, I saw you marked Map. 8 houses are under contract on this Street. I can sell it for you in 90 days at a good advance. It has not been in real estate men's hands. ^{Must if} I hope you enjoyed your Florida Trip as I know you did and I am glad Polk bore himself so well. No trouble if it is, it is mighty hard for folks who have been basking a long while to let the other fellow bop just a little - most principally in Palmetto. Hence these tears

Yours Truly
P. M. Wilson
