Dec, 31, 1890.

Col. E. Carr,

Old Sparta, N.C.

Dear Sir:-

I must thank you for your kind letter of the 21st, and will adopt your suggestion as to communicating at once, with the sub-alliance I did not know as to the exact status of them, and whether the formation of these committees would require any recommendation from the County Alliance before it could be done. Your letter simplifies matters however and I will correspond directly with the sub-alliances. I think it a better plan also. It will be somewhat more expensive than writing to the County Alliance, but by this means I am sure it can be carried out more effectually, and the value received will be more than the postage paid etc.

Very respectfully

H. B. Battle
Director.

Dictated.
