OFFICE OF

HUGH MITCHELL,

PRESIDENT.

Port Tobacco, Md.,

Dec 30th 1890

Dear Bro. Carr:

Many thanks for your kind letter,
& the sample of flue-cured tobacco. As we grow
& cure it here, tobacco is anything but a paying crop,
& I am thinking of trying your N.C. plan. Should
I conclude to do so, will avail myself of your very
kind offer to give all necessary information.

Shall be much pleased to meet you in Washington
in Feb. & if it is not too much trouble will you
bring me a few seed of varieties of tobacco most
favorably thought of in your section.

I'm missed much by not going with us on the ex-
-cursion - we were treated splendidly & had a nice
time which all seemed to enjoy, besides gaining much
information. Again thanking you for remembering me
I am with kindest regards.

Truly & fraternally yours
Hugh Mitchell
