

Fairson. Duplin County, N.C.

Dear Sir As the Legislature is soon to
meet & a Senator is to be elected. I
want to talk with you a little to get
your private opinion. as to the position
the Alliance will take as to the position
of Gov Vance on the Dub Treasury bill,
do you think that they will be satisfied
as to his position viz, that he is in favor
of the plan of the bill, but against the
bill. is not this as far as he could go. as a
Democrat. as you are aware that his party
is opposed to class legislation & this is one
of the objections by him. now do you think
under the circumstances that they can or will
demand of him to go farther than this,
before they will elect him and after his
election they can force him to do what they
require. I am no representative. but simply
a Farmers Alliance man. not asking any
thing for capital. but deeply interested especially
in the success of the Alliance principals
I wait with patience for your reply
Yours fraternally, E. J. Fairson
