Bro Carr -

I have not been able to get out yet - been cooped up ever since I came from Raleigh I confess I dont know what to say about the newspaper alliance - It might be a big thing - and as it allows outsiders to subscribe stock it might fall into the hands of the enemy I must leave it to your better judgement as I confess I dont know what to do. If it was managed as it ought to be it might be a big thing - but if not - what then - I have not seen the News & Observer - Dont know what is the trouble with old foggy - so dont know what to say I have so much mail and am so weak cant write more  
Yours truly J B Aylmer
