D. Dir. & Bro.

As we have a
case before us of no little importance
in our judgment, we would like to
dispose of it intelligently, therefore we call
on you for advice in the matter hoping
you will let us hear from you at once.
Col. J. M. Wynns of Murfreesboro N.C. has applied
to us for membership, he is a very large farmer
& lives on his farm which adjoins said town &
has a store in same. (Store lot does not adjoin
the farm) but is only a short distance. Col. W.
superintends his farm himself, while his son
which is a young man & one Mr. Lassiter attend
to the store - Lassiter does the buying for
store in the northern markets. Col. W.
is hardly ever in the store & don't know
the price of goods has to call for prices at
others. His store is indorsed by our account
& we deal with him. He has always ~~been~~ taken
an active part in agricultural pursuits. That is
his case in full to the best of my judgment. Please
give us a positive answer soon.

Dear Mother
Sunday

I have been thinking
much of late of the
past year & how it has
passed so quickly & so
unprofitably. I have
been so busy with my
work that I have had
no time to devote to
myself or to my family.
I have been so busy
that I have had no
time to think of anything
but my work. I have
been so busy that I
have had no time to
write to you. I have
been so busy that I
have had no time to
visit you. I have
been so busy that I
have had no time to
see you. I have been
so busy that I have
had no time to do
anything but my work.
I have been so busy
that I have had no
time to think of anything
but my work. I have
been so busy that I
have had no time to
write to you. I have
been so busy that I
have had no time to
visit you. I have
been so busy that I
have had no time to
see you. I have been
so busy that I have
had no time to do
anything but my work.

Your affectionate
son
