Elias Carr
President Farmers State Alliance,
Old Sparta, N.C.

Dear Sir +

bro. What should a Sub Alliance
do with a member of said Sub
Alliance, who will not attend
the meetings of his alliance?
Any thing? Just let him alone?
Such members do the Alliance
no good, but harm. Please
give me your opinion. Our Alli-
-ance is suffering on that line.
We have one member that will
not attend our meetings because
of another member to whom
he says he has no confidence.

Give us light. I am pleased with
the plan ~~of~~ to have lecturers in
the field, up in this border
land of ours, we need more
light. If we could have the right
man in this field, it would do
more to enlarge our borders
than anything else. In any
work, the points that ^{are} farthest
from the centers of influence,
need, & demand, the strongest
men. If we could have had
the labours of bro. Ferris, this
grand mountain country
would now be in blaze of
Alliance glory.

I am yours,

Fraternally
