

Forestville N.C.

April 12th/91

Dear Sir & Bro

J. J. Dunn Secy of Wake Co Alliance, and also with Secy of State, stated to me that Professors of Wake Forest College, where they were interested in farming, were eligible to membership, and as I wrote you not long since, stating that some of them would apply for admission. At our last meeting Prof & Rev G. W Green sent in his debit, & we received him, he being a country preacher. Prof Carlile is a member of the Order but is not engaged in farming, he will send in his application. Must we take them in? You wrote me that arrangements could be made by which they could be admitted, and to write you ^{again} if they wanted to come in. Is a R Road Agent or Section
