Col Elias Carr -

My dear Sir & Bro

I opened
my Campaign at New Beam
on yesterday & lectured at
Trintown to day. I was very
much gratified at the result
at these two places. I have
succeeded at these two pla-
ces in establishing a thorough
system of County lecturing. I
got the brethren to provide a
fund from which to pay the
Co Section for actual work done
& to require him to visit every
Dial - Al in his county. & I instructed
him with reference to his work
its necessity and the importance

of preparation & activity on
his part & made him promise
to go to work.

If I can succeed as well
throughout my disc. I shall
feel that my labor has
not been in vain.

When & where can I see you?

Write me at Airie N.C. if in
time to reach there by the 7th
if not direct to Lewisston care
M. L. Wood.

When will you order a meeting
of the Dist. Alliance?

Fraternally
