Dear Bro Carr

The Lincoln Co Alliance
meets with Triangle Alliance at July meeting.
They have requested me to invite you to be
present and give them a talk. We will give
you a "Camp Meeting" home if you will come.
We have Lincoln, Gaston, Mecklenburg, ~~Watauga~~
and Iredell Counties represented. I will meet
you at Iron Station and will expect you to
spend several days with me.
I have asked the "Hickory Mercury" to compliment
you for a year. I am writing up the demands
for it. Am now on "Silver Coinage" and will run
through all, taking some fifteen or twenty articles.
It is owned entirely by Alliancemen and every man
who works in the office is a brother.
We are getting along finely in this section and
are "true blue" I was sorry ~~that~~ some of the leading
brethren had so little regard for me as to allow me
to be treated as I was in the formation of the
Confessional districts. It was an outrage and I intend
to work for Leazer's defeat. The idea that districts
are to be fixed up to send men to Congress almost
before they have finished repeating the obligation;
no matter who else may be injured by it. I do not

intend to aid the accomplishing -

I think Ben Jewell's canvass did great good
I was sorry he could not go to Cleveland and
Gaston.

We are inaugurating a Life Assurance Association
in the Alliance in this county, which I think will
do good. Will give the Progressive Farmer an
account of it soon.

I forgot to say in the proper place I would be glad
to have your criticisms of my articles in the Mercury.
They will appear as editorials.

We are getting on with our farm work in this section
but progress is good.

German Clover has been quite a success.

Mrs Graham joins in kindest remembrances to Mrs
Carr and yourself -

Fraternally & Truly Yours
