

In answer to your request

Dr. J. F. Harrell's Office,

—ON HAND—

**A GOOD SUPPLY OF MEDICINES.**

HARRELL'S PRINT, WELDON, N. C.

Whiteville, N. C., May 11<sup>th</sup> 1881

President Elias Carr

Dear Bro I was glad to see the appeal of the industrial convention to you or Alliance and the medical society I believe much can be gained through these channels by the appointment of a suitable man that will make it his <sup>aim</sup> to press the matter before county authorities and the Alliance - many of these new organizations or adjutators is to countervail the Alliance in some degree - but if in a domestic way can make our home & country more healthy & attractive our real estate will be <sup>more</sup> valuable and desirable for peacefull settlers & much can be done on this <sup>line</sup> in this years canvass or inter state Alliance meeting. The Alliance notes of our county papers is under my controll & you may see my humble effort - Brethren Terrell & Hunter done good work here  
Faly yours J. F. Harrell M. D.
