Pres F & L Union

North Carolina

Dr Sir

I am writing to the Pres of
our order in the wheat
growing states south of the
Ohio River as to the propriety
of organizing the trade ~~dept~~
department of our order to
handle the present crop of wheat
there will not be much if
any good wheat when the
new crop comes in & the Mills
will knead all the Southern
as fast as it is ready for
Market

it appears to Me an
opportune time to get in
our work; My plan would
be to have A Can district Agt
under Govd Bond; we have duty
would be to go to the Markets
where our wheat would be
sold & receive sell & attend to all
Business at that end of the line
The County Agts attend to
the Shipping & all duties in
the Counties; I think we could
save thousands of dollars to
the Farmers & give our order
A substantial forward moore
please give this immediate
attention, think fast, as we
have no time to lose
Yours Frat. G W Miller
