

EXECUTIVE COMMITTEE,

NORTH CAROLINA FARMERS' STATE ALLIANCE,

Charlotte, N. C., May 23rd 1891

Bro Carr

I hope you will reconsider about the
bro's ship - I believe you can be nominated with
out trouble - If you dont want it yourself - I
dont think you have a right to sit aside
your family, your friends and the Alliance
You need not canvass you can be elected
with out doubt - and I honestly believe
you are the only all union man we can
nominate without very great trouble
Sanderlins anxiety has handicapped him
badly - As far as I can see the order is
expecting the use of your name -
From the western papers I judge Polk is
ducking like the devil with the Trust
party - his letter to Cenceratti is on a par with
his letter to Norwood - He cant keep his fin
- gers out of the fire - He learns nothing by being
burnt - Reconsider - keep quiet - and all
will be well - Fraternally
