My dear friend

You no doubt  
have read in the "Progressive Farmer" the  
attack made upon Gov. Vance. Does that  
article speak officially for the Alliance  
do you endorse it - as President - of the  
State Alliance. I can't believe you endorse  
it either officially or personally. In my  
opinion we need no new legislation for the  
relief of the farmer, but a repeal of all  
the obnoxious laws that have oppressed them  
so long & which the Democratic Party  
have always fought for the rights of the  
farmer and labouring men.
