OFFICE OF POST OFFICE INSPECTOR,

Monticello N.C. July 15, 1890.

My dear Elias:

As a damaging report has been circulated through this district in regard to the democracy of my friend and neighbor Mr Jas M Newborne I take pleasure in stating that he is a truthful, honest and upright Christian gentleman and I am willing to swear to any statement which he may make ~~may~~ as being the whole truth: He has never been any thing but a democrat, and an active one at that.

He has read his statement (written to you) to me, and it is true in every particular.

James Newbome would not tell a falsehood, for love nor money. No man in NC has had better moral training than he. And will merit Solomons Advice - to wit "Train up a Child" &c. He was trained a Christian and has never departed from the path of honor. The "scratches" made by him have been made purely on neighborly & Christian grounds, and only in the County ticket.

Please let me know when you will be at Bracebridge as Carr and I wish to visit you.
All give in much love
Your affectionate
friend
