Mr Elias Carr

Dear Bro; at

The last meeting of our Sub
Alliance (Lane field No 1001)
there was presented for member-
ship one of our citizens whose
name I thought there was some
doubt as to his eligibility
He resides in a small Rail
Road town is a truck farmer
cultivating some eight or ten
Acres in straw berries & other
market vegetables which he gives
his personal attention also
a two horse farm in the same
under the tenant system w.
he personally supervises, and is
agent for a New York house
that sells fruits & vegetables for
which he receives a Commission
for all he can induce to patronize

Said Commission house he also
buys rice for the rice mills
during the fall months for so
much per bu for what he can
buy for them also buys cotton
for so much per bale for a
Wilmington house these last
only occupy a few months of
the latter part of the year

Please give the matter a care-
=ful consideration & answer as
soon as convenient as we want
information by our next meeting
The party is a man that will
do credit to the order is he
is eligible. A christian gen-
thman and has the confidence
of us all. and we would be
glad to have him one of us if
consistent

Graternally Yours
