Dear Sir

I have thought of sending my nephew S J Haugler to the Agricultural School at Raleigh, would like to get your views about the school, and how I can enter him as a County Student. Brother Gardner did not speak favorably of the school when at my house,

We have good crop of Corn Cotton & Tobacco, my ears are very fine, we are all well. Hope this may find all well with you, our Body right much split in politics. Hope to hear from you soon
Yours
S R Hilliard
