Mr. Elias Carr,

President N. H. F. A.

Sir—I write to you for information, as to the constitution, whether or not it would be in violation of the same, to take in a man who is acting as clerk in a country store, as there is a young man in the neighborhood that is desirous of becoming a member who is of a good moral character and of good qualities every way. He does not own any part

in the store he is under
age and is clerking for
his father.

Please answer this soon
as we want to know.

P.S. I dont use the seal on
this as I am not at home
though I am secy of
