My dear Friend & Bro.

Will you please drop me a few lines and tell me what you know about our Bro of Mr. Meador.

I see so much in the papers derogatory to his previous record that I am uneasy. I heard the Congressional delegation and was mainly influential in getting the County Convention to instruct for him.

I am not one to give way before the Shiversish line of the enemy and wish to be prepared to meet him at Winston on the 3<sup>rd</sup> proximo.

Please give me all the points you can.

Truly yours & Bro.
