My dear Sir:

Permit me to call your attention to the fact that you are one of a committee to take some action relating to the selection of a proper collection of songs and music for our order and that at the last meeting of the body our time was extended to make our report. I presume we are expected to report at the next meeting of the National body. I have been writing to several parties who are engaged in the production of such literature and requested them to send their propositions with collections &c. Have you any steps in the matter. I am deeply impressed and

Yours truly,  
W. S. Morgan
