Mr. Elias Carr
Pres. State Alliance,
Old Sparta,
N. C.,
Dear Sir:

We the colored
farmers of this county desiring
to organize & become a part
of that great & grand organization
do entreat you for all
necessary information rela-
tive to that move.

I would thank you for
any paper or journal bearing
upon the work. I with other
leading men shall call meeting
and address our people on the
subject. You can see what
kind of information would

be of benefit in such meetings.

I earnestly desire, seeing that it would be of advantage to both races, to bring about a closer relation in politics or rather in those things which are for the common good of the county & state in which both races live & whose interest therefore is identical.

Your humble servant,
J. A. Gwynn, M. H.
