Dear Sir & Bros

I have been in-
tending to write you some
time but have been away
so much have not had the
opportunity I have been among
the negroes whenever I could
that this Alliance Movement
do some good if we can
it up, the negroes seem to be deluded
to think that we have an Alliance
man for Congress some say
that they intend to vote for the

alliance candidates, I will do my
best to hold them together, but we
must have some money so as to
keep some of the Northern negroes
quiet. Our county candidates have
been contributing very freely we
want some help, would it not be
advisable to call a meeting of the
District Committee & have them
to formulate a plan it seems
that our people are doing very
little considering what we have at stake
I think when the Convention nomi-
nated Rodgers it did the right
thing have you seen any thing
Rodgers acceptance, I will do
my power to copy this
for Rodgers, I would rather
see Rodgers elected to Congress than
to see Perry elected to the Senate
of N.C. but I hope to copy
very largely for Rodgers, I always
