

H. B. BATTLE, PH. D.,  
DIRECTOR.

N. C. AGRICULTURAL EXPERIMENT STATION

AND  
STATE WEATHER SERVICE,  
OFFICE OF DIRECTOR,

Raleigh, N. C., Sep 20 '90

Col. Elis Carr  
Old Sparta, N.C.

My dear Col: -

When you were here in June you will remember my mentioning a plan whereby the Station could be brought directly to the attention of the farmers through the medium of the Alliance. This was to prepare a short statement of the Objects and Aims of the Expt. Sta. and the facilities we had for work. Next to send this to all the County Alliances both to Presto. & Seay's with a letter asking that the Expt. Sta. be made a matter of special discussion at their next regular meeting which I believe is Oct 3 (Is this date correct?). To discuss whether changes or additions should be made in our line of work and methods - in what way to accomplish the most good with the means at our command. I can send sufficient copies of the statement to each one, so that a copy can be referred to each of the Co. Sub. Alliances for discussion & refer again to Co. Alliance at next meeting if it is so desired.
