

SECRETARY'S OFFICE,

North Carolina Farmers' State Alliance

Raleigh, N. C., June 7 1891

Dear Brother Carr,

Received a letter from
Brother Polk yesterday and requesting me to
publish that there would be a Mass Meeting
at Goldsboro and that he expected Senator
Puffer would accompany him. Said he had
written you. I have not seen Brother Cade and
he had a notice from Brother Polk to be put in
Progressive Farmer about it. I guess that
Brother Polk has made his arrangements and
I have ordered posters to be printed and will
send out as soon as possible. Will also write to
the Great Rail Roads for special rates. This
does not agree with our understanding of
the matter and I did not like to act in
misunderstanding and confusion by deferring
the matter but I had better proceed.
I will agree with you in what

I have done though I know you should
have been consulted about it first. I think
we can get it out and well circulated. The
map meeting will be on the 27th instant at
Goldstboro and 26 August at Charlotte as
Col Polk has it. It is a very busy time and
I regret it on that account. Shall any other
speakers be invited? Can't we get Thomas Dix
on fr. of New York? Or had we better stick square-
ly to our "colors"? Hope you will be in Raleigh
next week as Row Worth says he had invited
you to come. I thought once I would go down Mon-
day to see you but as Col ~~P~~ has gone so far
with ~~this~~ ^{matter} concluded not to do so. Please let
me hear from you in regard to this matter.

Yours fraternally

W. S. Barnes.
