Chas Carr Esq.

Dear Sir:

Yours of the 13th ult. just
to hand, and under the circum-
stances I could not expect you
to have sent me an earlier reply.
I am only glad that after the lapse
of time you were so kind as to con-
sider my letter at all. Your terms
are satisfactory as I suppose you
include board and washing?
The references you so rightly desire
I enclose on a half sheet in
this. Should you decide to employ
me for the coming session please
let me know at your earliest
convenience the time you wish

school to begin, & the route I will
have to take to reach your home.
I live near Washington and
will start from there.

Very Respectfully Yrs.
Alice B. Packton.
