

Micaville, Guncy Co,  
July the 14/1891 } St. C.  
Mr Elias Carr,

Dear Sir & Bro:

I write you for information  
in regard to conditions we find  
our selves in at Micaville Sub A.  
No 1672. In the first place we had  
an election of Officers, at our regu-  
lar meeting in June and our Pres  
was not there. The Alliance then  
called a meeting two weeks from  
that day, <sup>which would be 4 of July</sup> to have the officers in-  
stalled, and requested the President  
elect would inform our Pres  
of the call meeting. But  
such information was  
the Pres, the Pres  
to change the date  
because he  
others, wa  
tion

the next saturday which was one  
week from the regular meeting time  
and did not tell him how the  
meeting was called, and asked  
him to come and install the officers.  
The A. met on that day and part  
of the officers were installed. I was  
absent on that day because of the  
day of the meeting being changed,  
therefore I was not installed as I  
was selected for the ensuing year.  
They also appointed delegates at  
that meeting. Our old president has  
expressed himself as being dissat-  
isfied with all the business that was  
conducted at the meeting after he  
learned how it was called.  
I am not sure whether or not it  
is the President who  
was installed,  
any right
