Dear Mrs. Carr.

I take this method of re-  
turning my sincere and heart felt thanks  
for the noble, manly and patriotic  
address delivered <sup>by you</sup> to the members of  
the F. S. A. at its annual meeting at  
Mechanic City. I have read and reread it  
and each time it appeals and accords  
to <sup>and with</sup> my patriotic emotion of my heart.

Country will have the same  
its members - it reflects the

Say I am and ever <sup>have</sup> been ready to do  
all I can for the promotion of our noble  
Order, feeling as I honestly believe, upon  
its success depends the perpetuity of  
of civil and religious liberty.

My people are fully aroused - biding  
their time, patiently waiting a return of  
good times.

I notice that my name appears  
as one of the Judiciary Com. and I  
have to say with reference thereto, is,  
I am ready and willing at any and all  
times to do my duty.

Owing to the feeble health of my  
wife I have not done all in the cause

With best wishes I am as ever

Yours fraternally
