My Dear Sir

Please ac-

cept my most hearty congratula-
tions upon your nomination for
Governor. You have been my can-
didate for the past two years, & I
think I almost voice the unanimous
sentiment of our people, ^{in this section} when I say
it gives entire satisfaction, for we
think we see in it reconciliation be-
tween the Democratic party & the Re-
publicans & a death blow to the "third
party". If I can serve you in any
way in your Campaign please command
me. With best wishes for you & yours
I am very truly &c A. W. Syron
