Dear Uncle Elias,

Aside from the pleasure of congratulating you as a Wisconsin^d of the House of having a Gov. of North Carolina as an Uncle - I as a Democrat, and a Son of the old North State - Regret that out of Chaos & Disorder - has sprung Harmony - for your nomination will congeal those disappointed elements of our Party - who though misguided - were conscientious - out under different leadership than your own - might have fanned the "ignis fatuus" called Third Party - until it had burned & incinerated both them & us - and our Colored State - in a common ruin -

Very truly yours
Sam'l Williams
