Dear Elias,

Among your many friends, I do not think any of them, hailed with more delight your nomination, than myself. My wife (who is quite a politician) + myself, frequently discuss the political situation, and came to the conclusion long since, that the nomination of yourself, or Alexander, would be the wisest step, as it would heal all differences, + harmonize the several factions.

Of course, you were our preference, + were exceedingly gratified to know the Convention thought the same, -

Well, the Tar Riv. Framp Co. has collapsed - caused no doubt by its army of Office-holders. The Greenville was sold here few days since to a Broocklyn party for \$1835⁰⁰ and the N. C. Line has joined hands with the O. D. Line, 'Sick is life'.

Kindest regards
to Mrs Carr, + the Children.

Your friend
