Hon Elias Bay,
Old Sparta
Edgcomb Co Ct

Dear Sir

I write to ask that you make me a visit before you commence the Campaign in earnest I think a little bushwhacking would be very effective here. I would suggest the 1st Monday in June, as the most suitable time in the near future. We can have you a big crowd and a good plain Alliance talk would do the entire ticket much good; and start this County off in the way it should go. They from here you could spend the night with John Buntingham, and take the train the next day for Ellipton. I think a speech from you in these two Counties would be worth much to you and the entire ticket, and the earlier you visit this section the better. However your nomination gives entire satisfaction and especially to the Alliance, as far as I can learn and for that reason a visit from you just now would be very beneficial. My wife and I would highly appreciate a visit from you and treat you like homefolks. Remember me most kindly to Mrs Bay

and believe me
and very truly
Yours
John Buntingham
