My Dear Sir & Bro.

Replying to
yours of the 25th which reached
me in due time and would
have been answered at once
but for absence and an accu-
mulation of letters having prece-
dence - I thank you most heart-
ily for your support and good
wishes and wish to assure you
most gratefully that I take
pleasure in answering your
question. I am standing now
just where I have always been,
square upon the Social Platform

The only Alliance Platform and
am opposed to those planks in
~~The Alliance Platform~~ & that
~~conflict with the scale. Either~~
~~the Alliance or any other political~~
~~platform. And wherever these~~
~~scale planks are suggested~~
~~I stand ready to endorse~~
~~them~~ all other planks in
any and all platform
that conflict with
them. While I could have
wished our state platform
could have been more prominent
on the tariff, we have ac-
cepted it and now as a unit
let us fight our common
enemy the Republican party
the author of all the
former's woes -

E.C.
