My Dear Sir & Bro,

As I did not have an opportunity of speaking to you at Raleigh after you were nominated, I write now to offer my congratulations. Your nomination was a great victory for you, your County, and for our Order, and one that we are all proud of, and we feel sure you will be elected by a very large majority. Columbus County claims some of the credit of securing your nomination, but I will not discuss this point as Dr. Splight knows and fully understands the part we took in your behalf in the Convention.

Wishing you much success and hoping to hear from you soon, I am your Fraternally
