Morganton, N. C., June 14th 1892

Hon Elias Carr

My Dear Sir,

Of course at the proper time the pro paper matter will be corrected as suggested by you. From present appearances the State ticket will have a walk over in this section. It is just my the way we managed the 3^d Party meeting held here Saturday its result is in good for our ticket, in fact the State ticket was endorsed and they refused endorsement for Congress man of a third party man who was a leading Alien enemy and the chief man in getting up the meeting and endorsed a Baptist preacher a Republican - Of course the alienism is very sore and in my opinion the both will not take 1/2 day in the county - Our Democratic vote will be increased considerably - the same report I have from all the counties in this Senatorial District consisting of Burke, McDowell, Caldwell

Mitchell & Quincy, I return to Raleigh this
evg. next week will examine the Atlantic
Road and spend a few days at Newhead
Museum makes the opening speech - Would
be glad to meet you there - If you hear
of any matters in our line needing cor-
rections would be obliged for any intimation
in regard to them - such suggestions will
be regarded as confidential. There are
many matters of course which will escape
the commission, needing attention, but will
escape us unless reported. The establishment
of the commission was an experiment, and it
has been our endeavor to correct abuses and
at the same time cause as little friction
as possible with rail road people, who we
must admit are a powerful element
in our state politics, so far we flatter
ourselves that we have accomplished more
good than we anticipated and all the roads
except the W & W have expressed themselves
as satisfied provided the commission will
always take as conservative a course as
we have done, when I can quietly serve you
or the party please command me.

Very Respectfully
Geo. W. Wilson

ps - I am writing to you - what to do about the matter? it is for all and I am sure it will not be long before it will be settled.
