

House of Representatives U. S.,

Washington, D. C., July 12th, 1892.

Bro Carr -

I enclose you a letter from Bro Butler which I hope you will treat as confidential. Minutes of the letter I get indicate that if many who will not vote for Cleveland are drawn off the State ticket will be lost. I am aware the 3^d party will nominate but I think you should so manage as to offend as few of these people as possible. Think over how we can get or start an organ. I think all our friends ought to be at the State Meeting. Very much will depend on it. Reports do represent N.C. as bitter for national ticket. Fraternally S.B. Alexander
